

# Orientation Video Checklist

## Talking Points for Orientation to Your Lab Space

<input type="checkbox"/>	Behavior Expectations (dress code, food/bev use, etc)
<input type="checkbox"/>	Locations of equipment and supplies
<input type="checkbox"/>	How to use common equipment (bed, monitor, IV pump)
<input type="checkbox"/>	How to verbally interact with "patient" & how to receive responses
<input type="checkbox"/>	Is there a medical record, if so, how is it accessed
<input type="checkbox"/>	Deviations from "real"...How to:
	<input type="checkbox"/> Contact the provider
	<input type="checkbox"/> Retrieve assessment unavailable from simulator
	<input type="checkbox"/> Work with drain bags, IVs, etc
	<input type="checkbox"/> Perform skills safely (ie betadine, oral meds, IV labels, sharps)
<input type="checkbox"/>	Emergency Exits/Processes for unexpected weather or hazardous situations
<input type="checkbox"/>
